Committee Members Present: Bob Chaney, Art Hinz, Richard Segovia, Dan Brown

MEETING DISCUSSION INFORMATION:

1. We discussed what chapters did for National POW/MIA Recognition Day activities in September.
2. We talked about the lack of information regarding the POW/MIA issue being received from VVA National, the National League of Families, Task Force Omega, and DPMO/JPAC, and how to address this problem. The only recent information received was about the National POW/MIA Committee's Veterans Initiative Project (VI) upcoming trip to Viet Nam in January 2015. There was additional discussion about how the POW/MIA issue is being handled by the US government, the Vietnamese government, and how VVA is working thru the VI.
3. There was discussion on the status of the committee's motion from the last meeting regarding on the "Rolling Thunder - POW/MIA" presentation by King River Elementary School, to send it to Sacramento to be presented at the state capitol before a joint session of the Senate and Assembly. Committee Chair will check with the CSC BOD on the status of the Certificate of Recognition for their project.
4. We also talked about if there are any National POW/MIA Committee Resolutions that need addressed for the National Convention next year, and if there are any issues that we need to address in the form of a State Council Resolution for 2016.
